## **+Obituary+** **GEORGE C. CHESTER** **1926 - 2001**

On Monday September 3, 2001 our long time volunteer and dear friend George Chester was born into eternal life surrounded by his children and Bro. Alan.

George was born in Waterford, Ireland and educated with the De La Salle Brothers. He entered religious life in 1944 at age 18 and was later ordained to the priesthood. He taught school in Alexandria, Egypt for a time where he met his future wife.

He later left religious life and the priesthood and settled in Milan, Italy where he married and raised three children. George was the Headmaster at the Sir James Henderson School of Milan, a position he held for 20 years.

They moved to Canada in 1976 but later divorced. Subsequently he became involved with the marginalized through St. Francis Table. While volunteering with us he also helped co-found and establish the Out Of The Cold program. His presence at our front door greeting patrons and issuing meal tickets will be fondly remembered and missed.

Rest in Peace dear friend.
